I Know Nothing Now...

Author's Notes:
Just a brief drabble. Implied slash pairings.

Ever since B overdosed, nothing has felt right. No one can possibly replace B... He was the only one who even cared about me at all. I wish that I could die; I don't even feel alive anymore. He was the only person I had ever truly loved for years. I wish that I could simply overdose or slit my wrists and die, but of course, Kvarforth has decided to take advantage of the circumstance in order to try to fuck me. At least I think that's what the sick bastard is doing. I wish he'd fuck off and die.
